Dedicated to Mr. Robert A. Kovatch
Basketball Coach — 1972 - 1992

DEDICATED TO ROBERT KOVATCH

"What is more important than anything else is that we have built a sense of tradition. I try to instill in the players and graduate their responsibility to come back, talk up the program, and keep interest high."

—Bob Kovatch, 1986

Robert Kovatch's contribution to ISD is that students came away with a real sense of pride in their school, a sense of teamwork, and dedication to a goal. His modeling of hard work, self-discipline, and love for ISD inspired his players to reach higher levels than they had ever done before, and, as he stated, to come back to coach at or cheer for ISD. Whether it was cards and telegrams from former players, cheerleaders and their parents, or hordes of fans making long trips from Gallaudet or elsewhere, ISD athletes continued to support their school. Though he is no longer coaching, his love for and belief in his players and the cheerleaders and the wonderful memories they share are a bond that will last forever.

.....

Mr. Kovatch's skills as a coach and a motivator are well-documented. In his 18 years of coaching (Varsity-12 years, Junior Varsity-5 years, 7/8-1 year), Bob and his players earned numerous awards. Some of the more notable ones are:

NAD BROADCASTER COACH OF THE YEAR 1982

BALL STATE UNIVERSITY ALUMNUS COACH OF THE YEAR 1987

NATIONAL BASKETBALL CHAMPIONS 1987

CSSD CHAMPIONS 1983, 1986, 1987, 1991

SOUTHPORT SECTIONAL GAME WINNERS 1983

ISD beat Park Tudor, 51-43, to become the first Deaf School team in 25 years to win a sectional game. ISD then advanced to the second round where they faced Manual HS, then ranked #1 in the state.

Welcome Wisconsin School for the Deaf! We're glad you're visiting in the Hoosier State!

We're pleased to host the Homecoming Basketball Games for the Indiana and Wisconsin Schools for the Deaf. We are even more pleased that you have taken the time to support the teams and to visit the Indiana School for the Deaf (ISD).

To many of us, ISD is more than just a school for the Deaf; it is a place where we value Deaf Culture and ASL as part of our heritage. It also means that we simply must invest more in our Deaf children. There should never be one Deaf child, let alone a generation of Deaf children, who pass through ISD intellectually and culturally unprepared. Their dreams can be fulfilled only when their identity as Deaf individuals has been clearly defined. This is why ISD has decided to become the first public school for the Deaf to provide a positive bicultural/bilingual learning environment for Deaf children.

To us, educating Deaf children to their full potential remains our most compelling obligation. We know you support ISD and we thank you for it.

We're glad you are here! Let's enjoy the basketball games! May the best team win!
